**SUBJECT: WORK ORDER:
60-30-109 WESTRIDGE COMBINED SEWER SEPARATION
(2002 PROGRAM - PHASE I)**

PURPOSE: To obtain approval of Work Order 60-30-109

RECOMMENDATION:

1. **THAT** the above work order as more specifically referred to in this report, be approved.

R E P O R T

60-30-109 Westridge Combined Area Sewer Separation (2002 Program - Phase I)

Charge: 2002 Annual Capital Budget
Sanitary Sewer Utility \$1.560 Million

Additional Information: Appearing elsewhere on this agenda is an item recommending the award of Contract 2002-11: Westridge Combined Area Sewer Separation (2002 Program - Phase I). This contract is a continuation of the City's overall program to replace existing combined sewers in the Westridge area with separate sanitary and storm sewers. It conforms with the Greater Vancouver Regional District's (GVRD) Liquid Waste Management Plan to eliminate combined sewer overflows. Construction includes a portion of forcemain related to the GVRD's sewer system, with an estimated cost of \$270,000 that will be borne by the District. Total project cost is estimated at \$1.680 Million.

This work order provides partial funding for Phase I contract; additional funding requirements are available in an existing work order previously approved by Council. Sufficient General Revenue funds are available and these expenditures are included in the Sanitary Sewer component of the 2002 - 2006 Capital Program.
