SCHOOL PLAYGROUND FUNDING REQUESTS CRITERIA

1. Funding is available and approved in annual Commission Capital Budget.
2. The project is initiated and cost shared by a Parent/Citizen Group.
3. The project has not been given prior Commission funding. Please note though, the criterion regarding prior funding would not necessarily exclude a project from access to a second grant but would lower it in priority.
4. Projects are considered on a first come, first served basis.
5. The facility will be accessible to the public and thus provide a public benefit beyond serving the school children during school hours.
6. That Parks, Recreation and Cultural Services staff be allowed input into the design process.
7. That the remainder of the funding for the entire project needs to either be in place or very close to being finalized.
8. That second time grant requests received within five years of the first approved request be initially placed on a waiting list. Should funds remain available within that given year, the applicant making the second time request may receive approval for the funding.
9. That second time requests received after a period of five years be treated on a first come, first served basis. In other words, this application would be treated as if it was their initial request.
10. That a maximum of three grants be provided to any one playground/school site.

Approved 1999 April 21 - Commission

- That the maximum contribution for each request is \$ 3,000, and
- That the criteria be expanded to include but not limited to, the purchase and planting of trees and/or shrubs for the playground area or garden projects.
