**60-21-143** Watermain Renewals (2004 Program ) - Package "B"

**Charge:** 2004 Capital Budget  
Watermains, pumping stations, etc \$1.560 Million

**Additional Information:** Appearing elsewhere on this agenda is an item recommending the award of Contract 2004-012: Watermain Renewals (2004 Program ) - Package "B". The annual replacement program is comprised primarily of aging watermains with a history of frequent breaks and high maintenance costs. This Work Order provides funding for Contract 2004-12 and additional unanticipated renewals and ancillary work, not included in the contract, that will be completed by City forces. Sufficient General Revenue funds are available in the Water Utility, and these expenditures are included in the 2004 - 2008 Annual Capital Program.
