**FROM:** DIRECTOR ENGINEERING  
**SUBJECT:** WORK ORDER  
**PURPOSE:** To obtain approval of work order 60-30-117

**RECOMMENDATION:**

1. The above work order as more specifically referred to in this report be approved

**REPORT**

**60-30-117** 2006 Sanitary Sewer Rehabilitation Program

<b>Charge:</b>	2006 Capital Budget	
	Sanitary Sewer Utility	\$300,000

**Additional Information:** Appearing elsewhere on this agenda is an item recommending the award of Contract 2006-13: Sanitary Sewer Grouting (2006 Program). The work of this contract involves the rehabilitation of sanitary sewers at various locations and forms part of the City's ongoing program to reduce infiltration and inflow (I & I) in the sanitary sewer system. Reduction of I & I lessens the load on sewerage treatment plants and is a critical element in the Regional Liquid Waste Management Plan. The total project costs including and other ancillary work by City forces are estimated at \$300,000. Sufficient General Revenue funds are available in the Sanitary Sewer Utility, and these expenditures are included in the 2006 Annual Financial Plan.
