2. DELEGATIONS

The following wrote requesting an audience with Council:

- A) Victor V. Stusiak, 2006 March 05
Re: Proposed bylaw prohibiting election
signs on municipal property
Speaker: Victor Stusiak
- B) Rod Midgley, 2006 March 14
Re: Trail signage and fencing along the
Trans Canada Trail in the Conservation
Area adjacent to SFU
Speakers: Glyn Lewis
Dr. Debra McFadden
Rod Midgley
- C) Adam Pankratz, Patrick Perrella, Peter Harrington
Re: Gateway Project
Speakers: Adam Pankratz
Patrick Perrella
Peter Harrington

MOVED BY COUNCILLOR JORDAN:

SECONDED BY COUNCILLOR VOLKOW:

"THAT the delegations be heard."

CARRIED UNANIMOUSLY

- A) **Mr. Victor Stusiak**, 8338 Hollis Place, Burnaby, B.C. appeared before Council to discuss the amendments to the City's Sign Bylaw which would prohibit political signs being placed on municipal property.

Mr. Stusiak expressed his belief that this change will limit freedom of expression and the democratic process as election signage is an integral part of the democratic process and assists persons seeking office to get their message to the people.

Mr. Stusiak noted the cost of seeking office can be prohibitive and as a result candidates of similar beliefs form associations to help defray the costs. The speaker suggested that prohibiting the placement of election signs on municipal property will limit the opportunities for an independent candidate to put their name before the public.

In conclusion, Mr. Stusiak requested Council continue to allow election signs on municipal property to support freedom of expression and the democratic process.

- B) Mr. Rod Midgley**, father of Brendan Midgley, who was killed from a fall on Burnaby Mountain, appeared before Council to discuss the need for signage and fencing along the Trans Canada Trail in the conservation area adjacent to Simon Fraser University (SFU). The delegation requested fencing and signs be installed in the same manner as they are currently provided near the Centennial Rose Garden and Horizons Restaurant. The speaker noted that new trail maps and signage are important but the north side requires a fence to protect people from wandering down old trails on the north face of Burnaby Mountain.

Dr. Debra McFadden advised Council she is the mother of a son who became a paraplegic from a fall on Burnaby Mountain. The speaker advised the fall occurred in daylight on a clear, sunny day and that her son was not a risk taker or under the influence of any substances which might impair his judgement. Dr. McFadden believes the fall could have been prevented had a fence been in place.

Ms. Stella Stryjack, mother of Joe Stryjack, who was killed from a fall on Burnaby Mountain, requested Council install a fence to protect others from a catastrophic fall.

Mr. Glyn Lewis, SFU student, submitted a petition on behalf of the students of SFU requesting authorities conduct an independent review for the implementation of safety precautions on the trails on Burnaby Mountain.

- C) Mr. Adam Pankratz**, 5590 Monarch Street, Burnaby, B.C. appeared before Council expressing concerns about the widening of the Trans Canada Highway under the Gateway Project. Mr. Pankratz advised that rapid transit is a critical component of the Gateway Project but he believes that, to date, it has not been adequately addressed. The delegation noted that the Gateway Project will reduce vehicle traffic but will encourage additional traffic through Burnaby, effectively splitting the City in half. The speaker requested Council inquire as to why there is not more coordination between TransLink and Gateway Project as transit and roads must work together.

Mr. Pankratz cited traffic studies that state the addition of roadways does not alleviate traffic congestion. The delegation contends rapid transit must be part of the solution for traffic congestion. Finally, the delegation requested Council also ask the Provincial Government why it will not include rapid transit as part of the Gateway Project and why there has not been a public consultation process.

Re: 2006 Cycle Road Program

The Transportation Committee submitted a report requesting Council approval for spending authorization for the 2006 Cycle Road program. The pavement on Kensington Avenue, between Curtis Street and Halifax Street, has been identified as needing rehabilitation to include the widening of the existing travel lanes to better accommodate cyclists.

The Transportation Committee recommended:

1. THAT Council authorize the Cycle road work as outlined in Section 1.0 of this report.

2. THAT Council bring down a Capital Reserves Expenditure Bylaw in the amount of \$53,500 (inclusive of 7% GST) to finance this project.

MOVED BY COUNCILLOR VOLKOW:

SECONDED BY COUNCILLOR CALENDINO:

"THAT the recommendations of the Transportation Committee be adopted."

CARRIED UNANIMOUSLY

G) Transportation Committee

Re: 2006 Bike Route Enhancement Program

The Transportation Committee submitted a report requesting Council approval for spending authorization for the 2006 Bike Route Enhancement Program. This year's Bike Route Enhancement Program will allow for signage improvement to various bike routes including: Lougheed Highway, Marine Way, Gaglardi Way, Burnaby Mountain Parkway, Broadway and Barnet Road. It is anticipated these improvements will raise the profile of existing cycling routes, enhance way-finding for cyclists, and increase motorist awareness on bike routes.

The Transportation Committee recommended:

1. THAT Council bring down a Capital Reserves Expenditure Bylaw in the amount of \$102,720 (inclusive of 7% GST) to finance the 2006 Bike Route Enhancement Program as described in this report.

MOVED BY COUNCILLOR VOLKOW:

I) Transportation Committee
Re: TransLink's Access Transit Plan

The Transportation Committee submitted a report providing information on TransLink's process to develop a strategic plan for accessible transit in Greater Vancouver in order to ensure the transit system is as accessible as possible to the greatest number of people. The report notes that the members of the Burnaby Access Advisory Committee concur with concerns raised in stakeholders' workshop, particularly those related to the HandyDART system. Committee members also identified a number of specific concerns related to the conventional transit system as outlined in the report.

The Transportation Committee recommended:

1. THAT a copy of this report be sent to TransLink with the request that the concerns raised in Section 5.0 of the report be considered in TransLink's Access Transit Plan.
2. THAT a copy of this report be forwarded to the Social Issues Committee.
