
TO: CITY MANAGER **DATE:** 2006 July 10
FROM: DIRECTOR FINANCE **FILE:** 92-06/06
SUBJECT: PROPOSAL FOR TWO ONLY RECYCLING TRUCKS
PURPOSE: To obtain approval to award a purchase order for the supply of two recycling trucks.

RECOMMENDATION:

1. **THAT** a purchase order be issued to Rollins Machinery Ltd., for two recycling trucks for the total price of \$402,014.78.

REPORT

Due to the specialized nature of these vehicles, only one proposal was received by the closing time of 3:00 p.m. Wednesday, 2006 July 5. The recommended units, 2006 Autocar WXLL42 cab and chassis c/w 2006 Labrie Top Select bodies, are identical to 15 recycling trucks that are currently in the City's fleet and have proven track records for performance and reliability. The recommended units will replace 1991 and 1992 recycling trucks which will be sold at auction on receipt of the replacements.

The unit price proposed has been compared to the price of units purchased in previous years with an approximate 2.9% increase over 2005 price. The Director Engineer is of the opinion that it is competitive and reflective of current market conditions.

Sufficient funds are available and the acquisitions are included in the 2006 Engineering Recycling Vehicle component of the 2006-2010 Annual Capital Program.

The Director Engineering concurs with the above recommendation.
