**SUBJECT:** **ENGINEERING AND CONSTRUCTION ADMINISTRATION SERVICES  
EXPENDITURE APPROVAL FOR CENTRAL VALLEY GREENWAY  
SECTIONS 5, 6 AND 7**

**PURPOSE:** To obtain Council approval of the expenditure under Engineering Agreement E22/2005 as outlined in this report.

---

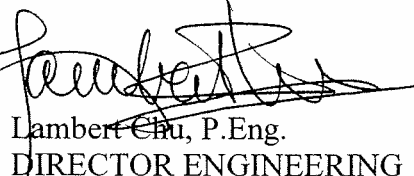

**RECOMMENDATION:**

1. **THAT** Council approve the additional engineering expenditure of \$38,000 (inclusive of GST at 5%) with a revised total of \$283,000 in connection with the Central Valley Greenway project as outlined in this report.

**REPORT**

The Central Valley Greenway (CVG) project is jointly funded under the Urban Transportation Showcase by the City, TransLink and Transport Canada. The CVG, when complete, extends from Vancouver to New Westminster. In Burnaby, the CVG comprises 11 sections. Sections 5, 6 and 7 are included in one contract for design and construction with a total value of approximately \$2.5 million.

The approval for the design and construction of Sections 5, 6 and 7 was given during the Summer of 2005. These three sections extend from Beta Ave to Sperling Ave and the construction phase is substantially complete. During the design and construction phases, minor changes were made to adjust the greenway alignment to meet the right-of-way constraints. The changes have resulted in additional survey, design and drafting services to a total of \$38,000. The existing engineering agreement with AECOM has been approved to \$245,000. With the additional services required, this will bring the revised total to \$283,000. Engineering and Purchasing staff have reviewed the additional expenditure and recommend the changes be approved. Council approval of the additional engineering expenditure of \$38,000 (inclusive of GST at 5%) which will bring the revised total to \$283,000 under Engineering Agreement E22/2005 is requested.
