SUBJECT: MURAL PROGRAM

RECOMMENDATION:

1. THAT Council refer the matter of providing funding assistance for the work of the Mayor's Task Force on Graffiti Mural Subcommittee to the Finance and Civic Development Committee for review.

REPORT

The Mayor's Task Force on Graffiti, at its meeting held on 2009 March 31, formed a Mural Subcommittee to develop a long term vision for a mural program in Burnaby and formalize that vision into policies by which persons can submit requests to create murals in Burnaby. The Task Force requested that the Finance and Civic Development Committee consider providing funding assistance for the work of the Mural subcommittee. A detailed mural program proposal will be forwarded to Council and the Finance and Civic Development Committee at a future date.

Respectfully submitted,
