Meeting 2010 April 26

COUNCIL REPORT

TO: CITY MANAGER **DATE:** 2010 April 16
FROM: DIRECTOR ENGINEERING **FILE:** 34500 01
SUBJECT: 2010 LOCAL AREA SERVICE PROGRAM FOR SPEED HUMPS –
8000 BLOCK 17TH AVE
PURPOSE: To provide revised information regarding the 2010 Speed Hump Program and the recommended location of a Local Area Service Program.

RECOMMENDATIONS:

1. **THAT** the Local Area Service Program (speed humps) for the 8000 block 17th Ave be approved; and
2. **THAT** a copy of this report be sent to the resident who requested speed humps for this block.

REPORT

Council, at the Open Council meeting held 2010 February 08, received a report from the Traffic Safety Committee making recommendations for the 2010 Speed Hump Program and adopted the recommendations contained within the report identifying streets to proceed to the Local Area Service Program (LASP).

Section 2.7 of that report referred to the 8100 block 17th Ave between 1st St and 2nd St, however, this information was incorrect. It should have read the 8000 block 17th Ave between 4th St and 2nd St (**Exhibit 1 attached**). This is a local street constructed to an 8m wide finished standard, fronted by single family homes. This portion of 17th Ave is surrounded by other local streets with speed humps.

It is recommended that the speed hump LASP proceed on the 8000 block 17th Ave and that a copy of this report be sent to the resident who requested speed humps for this block.

Lambert Chu, P. Eng.
