Meeting.....2011 September 12

COUNCIL REPORT

---

**TO:** CITY MANAGER **DATE:** 2011 September 01  
**FROM:** DIRECTOR FINANCE **FILE:** 90-06/11  
**SUBJECT: CONTRACT NO. 2011-15**  
**ROAD AND SEWER WORKS**  
**STILL CREEK AVENUE – PHASE 2**

**PURPOSE:** To obtain approval to award a contract for Still Creek Avenue – Phase 2.

---

**RECOMMENDATION:**

1. **THAT** a contract be awarded to the lowest bidder Pedre Contractors Ltd. for a total cost of \$733,600 including HST in the amount of \$78,600. Final payment will be based on actual quantities and unit prices tendered.

**REPORT**

Four tenders for this contract ranging from \$733,600.00 to \$1,026,006.24 were received by the closing time of 3:00 p.m. Tuesday, 2011 August 16. The work of this contract includes the construction of approximately 180m of sewage forcemain works and the construction of approximately 230m of drainage works.

The recommended bidder Pedre Contractors Ltd. has completed several contracts with the City in the past. Our consultant Associated Engineering (BC) Ltd. has reviewed this contract and advised that Pedre Contractors Ltd. has the resources needed to successfully complete the work. The Director Engineering concurs with this recommendation.

These expenditures are included in the Major Roads and Sewer components of the 2011 Annual Financial Plan. Appearing elsewhere on this agenda is the final reading of Bylaw 13005 to appropriate funds for the Major Roads portion under Still Creek Avenue Extension project (ERA.0002). Sufficient funding for the Sewer component is available in previously approved 2011 Sanitary Mains project (EKA.0008).

Denise Jorgenson
