

TRAFFIC SAFETY COMMITTEE

*HIS WORSHIP, THE MAYOR
AND COUNCILLORS*

SUBJECT: LIGHTING IN THE LANE BEHIND 4900-5100 BLOCK DOVER STREET

RECOMMENDATIONS:

1. THAT Council endorse the installation of 2 (two) street lights in the lane behind the 4900-5100 block of Dover Street.
2. THAT a copy of this report be sent to Mr. Tony Lazazzera at 5043 Dover Street, Burnaby BC V5H 1R4.

REPORT

The Traffic Safety Committee, at its meeting held on 2012 January 10, received and adopted the *attached* report to respond to a request for lighting in the rear lane by Mr. Tony Lazazzera at 5043 Dover Street.

A letter and petition was submitted by Mr. Tony Lazazzera signed by himself and his neighbours requesting the installation of lighting in the lane adjacent to their residences. Staff viewed the laneway and found that adequate poles are available for light installation. It is recommended that the installation of 2 (two) lights in this lane be endorsed.

Respectfully submitted,

Councillor S. Dhaliwal
Chair

Councillor C. Jordan
Vice Chair

Councillor P. McDonell
Member

SUBJECT: LIGHTING IN THE LANE BEHIND 4900-5100 BLOCK DOVER ST

PURPOSE: To respond to a request for lighting in the rear lane by Tony Lazazzera of 5043 Dover St.

RECOMMENDATION:

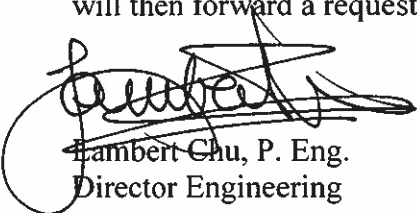

1. **THAT** the Committee endorse the installation of 2 (two) street lights in the lane behind the 4900-5100 block of Dover St.
2. **THAT** a copy of this report be sent to Mr. Tony Lazazzera at 5043 Dover St, Burnaby BC V5H 1R4.

REPORT

Mr. Tony Lazazzera submitted a letter and petition signed by himself and his neighbours requesting the installation of lighting in the lane adjacent their residences. A petition with signatures of 2/3 of the affected property owners must be submitted to the Engineering Department before the request can be forwarded to the Committee for endorsement and subsequently to BC Hydro. This requirement has been met.

Staff have viewed the laneway and have found that adequate poles are available for light installation. Further, we recommend that 2 (two) lights be installed as shown on the attached plan, which would be in keeping with spacing applied in other instances where lighting has been installed in lanes of similar length.

We recommend that the Committee endorse the installation of 2 (two) lights in this lane. Staff will then forward a request to BC Hydro for installation and inform the applicant.

Lambert Chu, P. Eng.
Director Engineering
