**REPORT**

Four tenders for this contract ranging from \$467,766.88 to \$529,882.53 were received by the closing time of 3:00 p.m. 2012 June 18.

The work of this contract involves the construction of curbs, sidewalks and road improvements including minor drainage and electrical work on various intersections in the City of Burnaby. The recommended bidder, Lafarge Canada Inc. C.O.B. as Columbia Bitulithic has completed several contracts for the City in the past and all were completed to the satisfaction of the City. Our consultant's review indicates the contractor has the equipment and personnel to successfully complete the work required under this contract. The Acting Director Engineering concurs with this recommendation.

Funding for this project was previously approved by Council. These expenditures are included in the Traffic and LASP capital components (EMI.0004 and EMF.0003 and ECC.008) of the 2012 Annual Financial Plan.
