SUBJECT: LIGHTING IN THE LANE BEHIND 3755 FIR STREET

PURPOSE: To respond to a request for lighting in the rear lane by Wen Zhang of 3755 Fir Street.

RECOMMENDATION:

1. **THAT** the Committee endorse the installation of 2 street lights in the lane behind 3755 Fir Street.

REPORT

Mr. Wen Zhang has submitted a letter and petition signed by himself and his neighbours requesting the installation of lighting in the lane adjacent their residences. A petition with signatures of 2/3 of the affected properties must be submitted to the Engineering Department before the request can be forwarded to the Committee for endorsement and subsequently to BC Hydro. This requirement has been met.

Staff have viewed the laneway and have found that adequate poles are available for light installation. Further, we recommend that 2 lights be installed as shown on the *attached* plan, which would be in keeping with spacing applied in other instances where lighting has been installed in lanes of similar length.

We recommend that the Committee endorse the installation of 2 lights in this lane. Staff will then forward a request to BC Hydro for installation and inform the applicant.
