Mr. MacDonald provided a historical chronology of events regarding the Brentwood Town Centre Community Plan and also reviewed the Burnaby Transportation Plan in relation to the subject area.

- That the internal traffic systems for the existing and future multi-family dwelling areas within the Community Plan area (Gilmore to Holdom) be separated from the single-family dwelling areas to the north.
- That the classification of Beta Avenue between Loughheed Highway and Brentlawn Drive as a Local Collector Street be removed.
- That a traffic system be designed at the Brentwood Drive/Brentwood Mall/Beta Avenue intersection to prevent access to and from Ridgelawn Drive and Brentlawn Drive.
- That a traffic system be designed at the Brentwood Mall North Entrance at Beta Avenue to prevent access to and from Ridgelawn Drive and Brentlawn Drive.
- That the classification of Brentlawn Drive as a Local Collector Street be removed.

**Re:Petition Results – Hastings Street BIA**

The Deputy City Clerk submitted a report providing Council with petition results for the Hasting Street Business Improvement Area (BIA). In order for a petition against the Hastings Street BIA to be deemed sufficient, it must be signed by the owners of at least 50% of the parcels in the BIA area and those parcels must represent at least 50% of the assessed value of land and improvements that would be subject to the BIA levy. In this

case, the owners of 23 of the 196 parcels (11.8%) petitioned against the BIA and those parcels represented 18.6% of the assessed value of land and improvements.
