**SUBJECT: DOUGLAS ROAD IN THE TRANSPORTATION PLAN**

**RECOMMENDATION:**

1. THAT Council refer the matter of Douglas Road's role in the transportation network to the Transportation Committee.

**REPORT**

The Traffic Safety Committee, at its meeting held on 2014 March 04, received correspondence from Linda Jenkins regarding traffic on Halifax between Gilmore and Willingdon.

The Committee also discussed the build out of First Avenue to Douglas Road. Comments regarding traffic flow, categorization of a collector route, pedestrian safety, local collectors offsetting non-resident vehicular traffic, road grades, vehicular momentum and driveway accesses were generated.

The Committee requested that Council refer the matter of Douglas Road's role in the transportation network to the Transportation Committee.

Respectfully submitted,
