- e) The dedication of any rights-of-way deemed requisite.
- f) The consolidation of the net project site into one legal parcel.
- h) The granting of any necessary statutory rights-of-way, easements and/or covenants.
- i) The granting of Section 219 Covenants:
  - restricting enclosure of balconies;
  - indicating that project surface driveway access will not be restricted by gates;
  - guaranteeing the provision and maintenance of public art;
  - ensuring compliance with the approved acoustical study;
  - guaranteeing the provision and ongoing maintenance of stormwater management facilities;
  - ensuring the provision and ongoing maintenance of ten bicycles and related storage/bicycle repair room, and to ensure that they remain common property to be administered by the Strata Corporation;
  - ensuring the provision and ongoing maintenance of a minimum of two electric vehicle and two Level 2 Electric Vehicle Charging Stations, and to ensure that they remain as common property to be administered by the Strata Corporation;
  - ensuring the provision of three car share spaces as common property to be administered by the Strata Corporation; and,
  - ensuring that handicap accessible parking stalls in the underground parking areas be held as common property to be administered by the Strata Corporation.
- j) The review of a detailed Sediment Control System by the Director Engineering.
- k) The submission of a suitable on-site stormwater management system to the approval of the Director Engineering, the deposit of sufficient monies for its provision, and the granting of a Section 219 Covenant to guarantee its provision and continuing operation.
- l) The submission of a suitable Solid Waste and Recycling Plan to the approval of the Director Engineering.
- m) The design and provision of units adaptable to persons with disabilities, the provision of customized hardware and cabinet work being subject to the sale/lease of the unit to a disabled person and with allocated disabled parking spaces.

- n) The provision of 3 covered car wash stalls and an adequately sized and appropriately located garbage handling and recycling material holding space to the approval of the Director Engineering and a commitment to implement the recycling provisions.
- o) The review of on-site residential loading facilities by the Director Engineering.
- p) The submission of a tenant assistance plan.
- q) The provision of facilities for cyclists in accordance with this report.
- r) Compliance with the Council-adopted sound criteria.
- s) The undergrounding of existing overhead wiring abutting the site.
- t) The submission of a detailed comprehensive sign plan.
- u) The deposit of the applicable Parkland Acquisition Charge.
- v) The deposit of the applicable GVS & DD Sewerage Charge.
- w) The deposit of the applicable School Site Acquisition Charge.
- x) The deposit of the Metrotown Open Space Charge.
- y) The submission of a written undertaking to distribute area plan notification forms, prepared by the City, with disclosure statements; and, to post area plan notification signs, also prepared by the City, on the development site and in the sales office in prominent and visible locations prior to Third Reading, or at the time marketing for the subject development commences, whichever is first, and remain posted for a period of one year, or until such time that all units are sold, whichever is greater.

  - a) The submission of a suitable plan of development.
  - b) The deposit of sufficient monies, including a 4% Engineering Inspection Fee, to cover the costs of all services necessary to serve the site and the completion of a servicing agreement covering all requisite services. All services are to be designed to City standards and constructed in accordance with the Engineering Design. One of the conditions for the release of occupancy permits will be the completion of all requisite services.
  - c) The installation of all electrical, telephone and cable servicing, and all other wiring underground throughout the development, and to the point of connection to the existing service where sufficient facilities are available to serve the development.
  - d) The submission of an Undertaking to remove all improvements at 4341 Rumble Street prior to Final Adoption of the Bylaw, but not prior to Third Reading of the Bylaw. Demolition of any improvements will be permitted after Second Reading of the Rezoning Bylaw has been granted provided that the applicant acknowledges that such permission does not fetter Council's ability to grant or not to grant Third Reading and/or Final Adoption of the Rezoning Bylaw. In addition, the demolition of any improvements will be permitted at any time if they are vacant and considered by staff to be subject to misuse and vandalism.
  - e) The granting of any necessary statutory rights-of-way, easements and/or covenants.
  - f) The granting of any necessary Section 219 Covenants are to be provided, including, but not necessarily limited to:
    - Section 219 Covenant to ensure the provision, operation and continuing operation of stormwater management facilities;
    - Section 219 Covenant (Housing Agreement) to ensure that the use and ownership of the site is for seniors' non-profit housing; and,
    - Section 219 Covenant ensuring compliance with the submitted acoustical analysis.

- g) The submission of an exterior lighting plan which meets the standards for seniors' housing complexes.
- h) The deposit of the applicable Parkland Acquisition Charge.
- i) The deposit of the applicable GVS & DD Sewerage Charge.
- j) The submission of a suitable on-site stormwater management system to the approval of the Director Engineering, and the granting of a Section 219 Covenant and deposit of sufficient monies to guarantee its provision and continuing operation.
- k) The design and provision of units adaptable to persons with disabilities and the provision of customized hardware and cabinet work.
- l) The submission of a tenant assistance plan.
- m) The submission of a suitable Solid Waste and Recycling plan to the approval of the Director Engineering.
- n) The review of a detailed Sediment Control System by the Director Engineering.
