The following speakers appeared before Council via Zoom in response to the proposed zoning bylaw amendment:

Helen Singbell, 4826 Greentree Place, Burnaby, appeared before Council and requested information regarding the maximum build out for her 'side-by-side'. Ms. Singbell also expressed concern regarding potential build out of the 'tall skinny housing' form and the resulting massing in relation to her home. Ms. Singbell queried if impacts to the different housing forms had been taken into consideration.

Sean Hamilton-Silverstone, 4536 Garden Grove Drive, Burnaby, queried the possibility of extending into the front yard with a carport/garage, and if the converted carport could be reinstated to its original use.

Bill Walters, 4949 Thornwood Place, Burnaby, thanked staff for the work that has been done to allow residents to make alterations that will facilitate the ability to age in place. Mr. Walters advised that he appreciates the charm of the community, adding that most homes were built in the 1970s and require renovations.

Elizabeth Bovell, 4540 Garden Road Drive, Burnaby, informed Council that she appreciates the village feeling that Greentree evokes, and queried if the proposed amendments would permit new home development. Ms. Bovell advised that she supports the proposed rezoning.

Helen Singbell, 4826 Greentree Place, Burnaby, spoke for a second time requesting the maximum square footage allowed. Ms. Singbell reiterated her concerns regarding the potential for massing by renovations/additions done to the 'tall skinny housing' form and the resulting effects on her 'side-by-side' home.

3.3 Burnaby Official Community Plan Bylaw 1998, Amendment Bylaw No. 1, 2021 - Bylaw No. 14379

Purpose: to amend the Residential Framework of the Official Community Plan (OCP) to allow consideration of multiple-family residential uses, including affordable housing on institutional zoned sites that are currently designated for lower density residential uses

No letters were received in response to the proposed rezoning application.

The following speakers appeared before Council via Zoom in response to the proposed Official Community Plan amendment:

John Pringle, 4746 Willowdale Place, Burnaby, expressed concern regarding the adverse effects the amendment would have on Greentree Village by way of the potential redevelopment of 208 units at 3550 Wayburne Drive. Prior to the amendment, the maximum build would have been 16 homes. Further, Mr. Pringle expressed concern regarding the increased traffic congestion from the proposed development. The speaker requested that the City extend the 100 metre notification process, particularly because he does not receive the BurnabyNow.

Councillor Jordan informed the speaker that the notification area is actually 30 metres (100 feet), and not 100 metres.

Norma Boutillier 4752 Driftwood Place, Burnaby, expressed concern regarding insufficient notification area. The speaker also advised that the proposed Official Community Plan (OCP) amendment is to allow non-market housing; however, the development proposal for 3550 Wayburne Drive, through this amendment, is for market strata units. Ms. Boutillier advised that the proposed development at 3550 Wayburne Drive does not meet the intent of the amendment.

Norma Boutillier 4752 Driftwood Place, Burnaby, spoke for a second time advising that the amendment should reflect that the City is trying to achieve a mix of market, non-market, and affordable housing as opposed to strictly strata market housing.
